MINI SIDE LOADER

KANN Manufacturing Corporation

210 Regent Street
Post Office Box 400
Guttenberg, IA 52052 USA

The Kann Mini Side Loader can be loaded at the low frame height from either side of the truck. The Kann Mini comes standard as a manual side loader, but can also be used as a semi-automated by adding cart tipplers or can even be made into a mini automated side loader by adding a simple Kann automated arm package.
