

KANN

MANUFACTURING CORPORATION

Established 1946

MIGHTY-MAX SERIES

Patented Aluminum Propane Cylinder Bodies

Heavy Duty Aluminum Propane Cylinder Truck Bodies

**LESS TRUCK WEIGHT
MEANS MORE LEGAL
PAYLOAD!**

The Kann Aluminum Body is only
about half the weight of a
comparable steel body!

The Patented KANN Mighty-Max Series Aluminum Gas Cylinder Body features a lightweight structural design that will legally transport an average of 60 to 80 more gas cylinders than a comparable steel body!
